

Celebrate the International Year of Chemistry with Wiley!

The International Year of Chemistry 2011 (IYC 2011) is a worldwide celebration of the achievements of chemistry and its contributions to the well-being of humankind.

Wiley will be celebrating with thematic months and events. Check online for up-to-date information and content!

January 2011

Women in Chemistry

February 2011

Analytical Chemistry

March 2011

Organic/Inorganic

April 2011

Catalysis

May 2011

Physical Chemistry/
Electrochemistry

June 2011

Innovative Chemistry

July 2011

Polymer Chemistry

August 2011

General Chemistry

September 2011

Chemical Engineering/
Industrial Chemistry

October 2011

Material Sciences

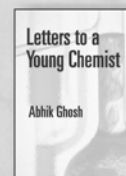

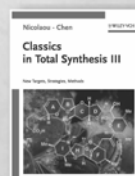

November 2011

Pharmaceutical/Medicinal
Chemistry / Biochemistry

December 2011

Year in Review

Special Publications for the International Year of Chemistry
