Opportunities for Talented Young Scientists in Climate Science

The Indian Institute of Tropical Meteorology (IITM), Pune, an autonomous research organization, fully devoted to research in various aspects of climate science is looking for recruiting bright talented candidates of Indian origin to fill 15 Research Scientist positions and 01 Engineer (Electrical)/Scientist at this Institute.

Its activities include training to post graduates and motivate them to take up research careers in atmospheric and oceanic sciences required to improve the skill of weather and climate prediction models. A Centre for Climate Change Research (CCCR) has also been established at IITM to address all science issues related to Climate Change and Indian monsoon. Also, the Centre for Advanced Training will start its academic session with 20 trainees from August 2011. To cater to the modelling needs, a High Performance Computing (HPC) Centre has been set up with peak performance of 70 TF. The Institute has excellent infra-structural facilities and also has the state of the art equipments for field observations. It has MoU with University of Pune for carrying out work leading to the award of M.Tech. and Ph.D. Degrees in Atmospheric Sciences and allied subjects.

For details of the posts please visit the Institute's website <http://www.tropmet.res.in>. Aspiring candidates please submit your applications, separately for Scientific Positions and Engineer/Scientist in the proforma with detailed CV, a list of publications and other relevant papers to the Administrative Officer of this Institute by **30 June 2011**.

Madurai Kamaraj University School of Biological Sciences

UGC-NRCBS Summer School on

'Human Cellular Functional Assays' (27 June –10 July 2011)

UGC-Networking Resource Centre in Biological Sciences (UGC-NRCBS), Madurai Kamaraj University invites applications from research scholars, post-docs, young faculty members and scientists of Indian Universities/Research Institutions for the Summer School on '**Human Cellular Functional Assays**' to be held from 27 June to 10 July 2011. The summer school will provide hands-on training on *in-vitro* functional assays in human cell lines. Further details and registration form can be downloaded from the UGC-NRCBS website www.nrcbsmku.org or from www.genomicismku.org. Candidates should submit the filled in registration form to Dr G. Kumaresan, Convener, UGC-NRCBS Summer School on Human Cellular Functional Assays, School of Biological Sciences, Madurai Kamaraj University, Madurai 625 021 on or before **10 June 2011**. Applications should be forwarded by their Research Supervisor/Head of the Department/Institution. Applications sent via e-mail are also accepted, but the duly forwarded hard copy should reach us within a week. The candidates will be selected based on the qualification and research interests. TA/DA will be provided to the selected participants as per the MK University regulations.

UGC-NRCBS Visiting Fellowships: UGC-NRCBS, MKU invites applications from research scholars, post-docs, young faculty members and scientists for the 'UGC-NRCBS Visiting Fellowship' throughout the year to carry out advanced research in Biological Sciences. The details can be obtained from the UGC-NRCBS website (www.nrcbsmku.org). Address for correspondence: **Prof. P. Gunasekaran**, Coordinator, UGC-NRCBS programme, School of Biological Sciences, Madurai Kamaraj University, Madurai 625 021. e-mail: ugcnrcbsmku@gmail.com.
