

Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR)

(A Deemed University)
Jakkur, Bangalore 560 064

Advt. No. 44/2011

Date: 10 October 2011

Mid Year Research Admissions 2011–12

M.S./Ph.D. Programme

JNCASR invites applications for admission to M.S./Ph.D. programmes in Science and Engineering from students who have qualified in NET-JRF/LS under CSIR/UGC fellowship schemes or DBT/ICMR–JRF or GATE/JEST/INSPIRE/any other equivalent national level exam. Detailed information regarding eligibility criteria, fellowship and online application form will be available on our website at www.jncasr.ac.in/admit. For receiving the application form by post, write to: **The Assistant Coordinator** (Academic), Jawaharlal Nehru Centre for Advanced Scientific Research, Jakkur, Bangalore 560 064 with a self addressed envelope affixed with a stamp of Rs 20. Last date for the receipt of duly completed application form is **2 November 2011**.

DST Sponsored Workshop on 'Advances in Biotechnology (ABST)'

14–19 November 2011

The Energy and Resources Institute, IHC Complex, Lodhi Road, New Delhi

About the Workshop

Contemporary research in the area of biotechnology has witnessed an enormous growth in the past few decades. In order to keep abreast with the latest developments in the field of biotechnology, an extremely high level of understanding and awareness is required. The main objective of this refresher training course meant for scientists, academicians, administrators and policy makers, is to train them in specialized technologies in the area of agricultural biotechnology and molecular biology and build their capacities.

Who can apply

Scientists working in the Departments/Ministries of Central and State Governments, PSUs, Government Research Institutes and Central and State Universities.

Themes

The focus will be on the following themes pertaining to

- Plant tissue culture and its applications
- Genetic modification of crops
- Molecular markers and plant breeding
- Biofuels
- Biofertilizers and sustainable agriculture
- Significance of IPR issues in biotech research
- Nanobiotechnology
- Bioinformatics
