

**Come, participate in the convergence of ignited minds and emergence of new finds**

December 7-9, 2011 | Bangalore, India

4th Bangalore Nano, India's leading Nanotechnology Event is organised by Dept. of IT, BT and S&T, Govt. of Karnataka; Jawaharlal Nehru Centre for Advanced Scientific Research and Vision Group on Nanotechnology, chaired by Professor C.N.R. Rao, FRS, National Research Professor; Linus Pauling Research Professor; Honorary President, JNCASR; Chairman, Scientific Advisory Committee to the Prime Minister of India.

**International Conference Programme at a Glance**

Pre-Conference Tutorials - 7th December 2011	8th December 2011	9th December 2011
Nano Medicine & Nano Biotech	Inauguration of Event, Exhibition & Poster	Opening Plenary
	Opening Plenary	
Nano Materials	National Lecture Series	Nano for the Young Programme
	Business Opportunities in Nanotechnology	Education and Public Engagement (Regulatory & HRD Issues)
Nano for Energy & Environment	International Perspective on Nanotechnology Opportunities	Nano Medicine & Biotechnology
	RICH Presentations	Advanced Nano Materials
Nano Sensors	Networking Reception	Nano in Energy & Environment
		Nano Electronics & Microsystems
		Valedictory Function

\* Programme subject to alteration

The International Conference is structured and developed by the Conference Executive Committee chaired by Prof. Ajay K. Sood, IISc. The Conference will bring together some of the world's leading Scientists and Technocrats in Nanotechnology to address the key issues of relevance for the development of this sector.

**India Nanotech Innovation Award**

Bangalore Nano introduces the **India Nanotech Innovation Award**. We are looking for organizations / individuals who have developed breakthrough products & technologies in the areas such as medicine, electronics, materials, agriculture & biotech.

Logon to [www.bangalorenano.in](http://www.bangalorenano.in) to submit the **Nomination Form** for **India Nanotech Innovation Award**.

**Research Industry Collaboration Hub (RICH)**

RICH - a unique platform developed for innovative technologies at the stage of incubation which can be commercialised, will offer opportunities to emerging entrepreneurs to present their research work and innovative products based on Nano Science & Technology to potential investors, VCs and industry captains to explore business tie-ups / technology collaborations.

**Register Now to be a presenter!**

**Pre-Conference Tutorials**

If you have recently graduated with a bachelor degree in science or engineering or if you are a doctoral student or a post-doctoral researcher, with a focus in the area of nanotechnology research. Pre-Conference Tutorials will offer you a quick yet inclusive grasp of this cutting-edge technology. **So, register today to learn from the Experts.**

**International Exhibition**

Exhibition is an ideal platform for the Industry and equipment manufacturers to showcase their products and technologies to the focused gathering of over 500 Delegates and over 1000 business visitors. Exhibition also offers a platform for Research Institutions, Academia, States of India to showcase their initiatives.
