Annual Workshop on Advanced Materials – 2012 24–25 February 2012

The target group will be research scholars, teachers in colleges, universities and other research institutes. One session is earmarked exclusively for presentation (oral and poster) by the participants.

Topics to be covered are Nanomaterials for diverse applications, Materials for solar energy applications, Polymer nanocomposites, Hybrid materials, Plasma and Laser technology, ICP based FIB applications, Advances in Crystal Growth, Advanced Structural and Ceramic materials, etc.

Last date for registration is **13 February 2012**.

For registration form and other details please log on to: www.psnresearch.ac.in

For further clarifications please contact:

Workshop on Use of Instrumentation of Physical Sciences in Archaeology

**Centre for Atomic and Molecular Physics,
Manipal University, Manipal**

19–21 March 2012

Organizer: Prof. C. Santhosh, Manipal University (camp.mu@manipal.edu)

The purpose of the workshop is to invite a small group of archaeologists to explore the use of modern instrumentation developed by physical scientists for archaeological investigations. Practicing archaeologists will be expected to come with problems of specific interest to them that require high precision and high sensitivity instrumentation. They will be trained to use some of the finest experimental facilities available at the well-equipped Centre for Atomic and Molecular Physics at Manipal University. They will then be expected to make specific suggestions as to how these instruments may be used to answer archaeological questions of interest to them.

Those interested in participating are requested to send their bio-data (including e-mail address) and their expectations from the workshop by **15 February 2012**. Selected participants will be informed by **1 March**.

The registration fee will be Rs 2500 per person in which the organizers will provide reasonable accommodation and lodging to the participants. Participants will be expected to bear their own travel expenses.
