

## Inviting Teachers for The Valley School Bangalore

The Valley School, Krishnamurti Foundation India is a day boarding school with about 350 students enrolled in Classes I to XII and a complement of about 60 teachers. This 34 year old school is affiliated to the CISCE and prepares students to take the ICSE and the ISC examinations every year. It is located on the fringes of a verdant forest and is a haven of wilderness with a rich variety of flora and fauna.

The intent of the school, based on the teachings of J. Krishnamurti, is to prepare and educate students for life as well as to nurture academic excellence. Each student is unique and requires an atmosphere free from fear, competition, comparison, reward and punishment, in order to flower in goodness. The many activities of the school are therefore conceived and directed to this end.

We are looking for serious minds to join the Valley family as teachers and be a part of the journey we have undertaken. In addition to academic credentials in the respective areas, we expect the individuals to be interested in engaging in the overall growth and development of the child and also to enquire in to one's own ways of living and conditioning.

The School has immediate openings in the following areas:

- Physics Teachers at High School level (Classes IX to XII)
- Physical Education – as elective as well as a general games programme

It is expected that the applicants will be suitably qualified academically and are equipped to impart the necessary skills to students. They must be conscious of dimensions beyond academics and share with students a concern for the environment. This is in keeping with the founder J. Krishnamurti's vision of a holistic, humane and integrated approach to education.

Applications with relevant details may reach the following address by e-mail before **29 February 2012** – [recruitment.valley@gmail.com](mailto:recruitment.valley@gmail.com).

These could also be sent by post to: **The Principal**, The Valley School KFI, Thatguni Post, Bangalore 560 062.

For further details about the school, the school's website [www.thevalleyschool.info](http://www.thevalleyschool.info) is a good resource.
