

## Indo-French Centre for Applied Mathematics (IFCAM) Indian Institute of Science, Bangalore

### Visitors Programme

The Indo-French Centre for Applied Mathematics (IFCAM) has been jointly set up by the Indian and French Governments at the Indian Institute of Science, Bangalore as an international joint research unit. IFCAM is designed as a platform for cooperation in mathematical sciences with the primary focus being the area of applied mathematics.

IFCAM has funds to support visits of Indian researchers, particularly from universities and colleges, working in applied mathematics (interpreted broadly to include mathematical aspects of engineering, physics, biology, etc.). Visitors can be hosted either at IFCAM, Indian Institute of Science, Bangalore or at a neighbouring research institution (subject to consent of the institution). Visits can range from 1 month to 3 months and should aim to initiate or continue a research collaboration with a faculty member at the host institute. Interested researchers should apply online through the website given below. All visits should be completed by 31 March 2014. Selected visitors would be paid TA/DA for the duration of the visit. Further details on all of the above along with the application form can be obtained from

<http://www.math.iisc.ernet.in/~ifcam/visitors.html>
