

MABB 2014

INTERNATIONAL CONFERENCE ON ADVANCED TECHNOLOGIES FOR MANAGEMENT OF BALLAST WATER AND BIOFOULING

MARCH 4 – 7, 2014 CHENNAI, INDIA

Combat Bioinvasion! Conserve Biodiversity!!

Call for papers

All contributors of oral and poster presentations are requested to submit abstracts online only. The abstract should be in English, clear, descriptive and not longer than 300 words. For details please visit website and use the Submit your Abstract link for submission.

Important Dates

Last date of abstract submission : November 30, 2013

Acceptance of abstract : December 4, 2013

Submission of full paper : January 4, 2014

Themes

1. Marine bioinvasion and ecological consequences
2. Ballast water: treatment technologies and methods of validation
3. Issues and litigation for implementation of 2004 Ballast Water Management (BWM) Convention
4. Industrial perspectives of BWM
5. BWM: developments in policy and technology
6. Recent advances in biotechnological applications of biofilms
7. Biofouling and its control in power plants, thermal desalination units, aquaculture, moored data buoys, etc.
8. Methods of biofouling prevention
9. Newer materials and coatings for biofouling prevention
10. Nanotechnology to prevent bioadhesion
