19 May 1997

Applications are invited for the post of Faculty Fellows (equivalent to Reader/Assistant Professor in a University/IIT) in the Biodiversity Unit of the Centre which is interested in plant, animal and microbial biodiversity. Applicants must have a Ph D degree and two years of post-doctoral experience. They should have a good grasp of quantitative methods in ecology, an interest in evolutionary biology and a genuine fascination for natural history. The post carries a basic pay of Rs 3,700/- in the grade Rs 3700-5700 (the total emoluments being approximately Rs 11,390/- per month).

Applications may be sent to the Co-ordinator at the above address on plain paper along with the detailed CV, copies of the best five publications, a tentative research plan and at least three names of referees.
