ACKNOWLEDGEMENTS. We thank the US Geological Survey, in particular Dr H. M. Iyer and Mr Rick Lister for making available the data around Oroville reservoir. One of us (H.N.S.) is thankful to the Council of Scientific and Industrial Research for financial support and to the Director General of Meteorology for facilities. We also thank Dr K. C. Sinha Ray, India Meteorological Department, Pune for help in the computations.

Received 12 May 1998; revised accepted 5 September 1998

CORRECTIONS

Detection of antibacterial activity in the floral petals of some higher plants

M. P. Darokar, A. Mathur, S. Dwivedi, P. Bhalla, S. P. S. Khanuja and Sushil Kumar

(*Curr. Sci.*, 1998, **75**, 187-189)

The plant species *Calliandra haemotona* belongs to family Leguminosae and not to Myrtaceae. We thank T. G. Vinod Kumar, Department of Botany, S. B. College, Changanacherry, Kottayam, for bringing this error to our attention.

Occurrence of *Veryhachium* and its implication on the age of the Vaishnodevi Limestone, Jammu

B. S. Venkatachala and Ashok Kumar

(*Curr. Sci.*, 1998, **75**, 431-432)

The legend to Figures 1 and 2 should read '*Veryhachium vaishnavii* sp. nov.' in place of '*Veryhachium vaishnodevi* sp. nov.'.

Energy and environmental issues in transport

(*Curr. Sci.*, 1998, **75**, 804)

The author's name at the beginning of the article and elsewhere in the issue should read as 'M. S. Nanjundiah' and not 'M. S. Nanjundaiah' as printed.
