

CALL FOR PAPERS

Indian Institute of Remote Sensing (NRSA), Dehradun
and
International Institute for Aerospace Survey and Earth Sciences,
the Netherlands announce

an International Conference on

"Geoinformatics for Natural Resource Assessment, Monitoring and Management"

9-11 March 1999 at IIRS, Dehradun, India

The main emphasis of the conference would be on future directions of emerging technology of geoinformatics in dealing with natural resources and environment. Various topics such as New Sensor Systems for Geoinformation acquisition, Future Trends in Geoinformatics & Data processing techniques, Geo-database Management, SAR Interferometry, Satellite Photogrammetry and Automated Cartography, Advances in Geostatistics for Spatial Data Analysis, High Resolution Spectral & Spatial Data Processing, Spatial Decision Support System for Natural Resource Management, etc. are included for presentation, discussion and debate by international and national experts.

Several eminent researchers from India and abroad are being invited to deliver lead talks on the above-mentioned themes. An abstract volume and conference proceedings volume with selected technical papers will be released during the conference. Extended abstracts and full papers on any of the topics related to the main theme of the conference should reach the organizers before 15 January 1999 in print and electronic form (MS-WORD 7 or simple text in *Photogrammetry Engg. & Remote Sensing Journal* format). The registration fee structure is as follows:

Indian delegates	Rs 1,500
Foreign delegates	US\$ 100
Bonafide students/researchers	Rs 300

(Fee does not include food, stay and travel)

Please note that early registration is already open and registration form along with fees should reach by 31 January 1999. Other details such as registration, participation in workshops, industry exposition and advertisement can be obtained from:
