

Workshop on Geological Fluid Mechanics

Date : 26–27 June 1999

Venue : National Geophysical Research Institute, Hyderabad 500.007

The aim of this Workshop is to bring together the researchers working in the field of Geological Fluid Mechanics and related topics. The research contributions are invited under the following sub topics:

1. Groundwater flow, heat transport and deformation.
2. Earthquakes and tectonics.
3. Diagenesis, metamorphism and ore genesis.
4. Sedimentary basin dynamics and evolution.
5. Surface bio-geophysical processes.
6. Erosion and climate dynamics.
7. Mantle convection, partial melting, plumes, volcanism and plate formation.
8. Core processes and core–mantle interaction.
9. Dynamics of whole earth system.
10. Modelling and simulation of multiphase fluid flow in porous media.

Important Dates

Last date of receipt of registration form: 10 April 1999.

Last date for receipt of abstracts : 10 May 1999.

Acceptance of abstracts: 15 May 1999.

Registration fee: Rs 1000/-

Cash/DD payable to Director, NGRI, Hyderabad.

Participants are requested to obtain TA/DA from their own resources.

Proforma

1. Name; 2. Date of birth; 3. Present position; 4. Organization; 5. Mailing Address (with Telephone, fax and e-mail); 6. Highest educational qualification with specialization; 7. Fields of interest; 8. Title of paper proposed for presentation; 9. Signature of participant with date.
