

# *Spectr@mind*

## *Scientists for Knowledge Services*

**You can be one of the few people to have  
the best of both the worlds**

### **We are:**

Spectramind services, a newly formed web services company, offering world-class services that leverage India's intellectual capital. We have brought together an experienced management team from leading multinationals. We are in the process of setting up a 1,000 person facility in Delhi that will deliver knowledge services to customers around the world.

### **You are:**

- A Ph.D.\* in a molecular biology field (Genetics, Bio-chemistry, etc.)  
*\*Senior Research Fellows/First Post Doctoral Fellowship candidates may also apply*
- With an excellent track-record in your field
- And a number of published papers under your belt
- With a high degree of initiative and ambition – with interests that go beyond your area of expertise
- Highly motivated and enthusiastic as a person – with good 'people skills'
- With an ability to solve problems and pay attention to details
- Willing to work full time/part time

### **What we offer:**

- A rare opportunity to combine your scientific background with the exciting area of Information Technology – the best of both the worlds
- An opportunity to work on a pioneering web-based scientific application
- An excellent compensation package, training, skills and a wonderful work environment.

### **Interested?**

- Please send your detailed CV (with details of your publications) IMMEDIATELY to Amit Nagpal at the address mentioned below. You can also e-mail your CV to [Careers@spectramind.com](mailto:Careers@spectramind.com)
