

## PHYSICAL RESEARCH LABORATORY

AHMEDABAD 380 009, INDIA

(Advt. No. 1/2000)

### **Faculty, Post Doctoral and Visiting Positions**

The Physical Research Laboratory (PRL) is a premier research institute of India carrying out frontline research in Astronomy and Astrophysics, Solar Physics, Laser Physics and Quantum Optics, Atomic and Particle Physics, Space and Atmospheric Sciences, Isotope Geochemistry and Cosmochemistry, Solar System Evolution, Paleoclimatology, Computational Physics, Nonlinear Dynamics and Statistical Mechanics. PRL has state-of-the-art experimental and computing facilities. Applications are invited for Faculty as well as Post-Doctoral and Visiting Scientist positions from scientists of Indian nationality, appointments for which will be made commensurate with qualifications, research experience and age. For more details on the Laboratory's academic and research programmes, see <http://www.prl.ernet.in> or e-mail to Head, Academic Services on [psharma@prl.ernet.in](mailto:psharma@prl.ernet.in).

## **BHABHA ATOMIC RESEARCH CENTRE**

### ***Ph.D. Programme in Bio-Medical Sciences***

The Bio-Medical Group of the Bhabha Atomic Research Centre, Trombay, Mumbai has active research programmes in various areas of modern biology including molecular and structural biology, biochemistry, biophysics, applied biology, radiation biology, plant and human genetics, biotechnology including modern techniques of plant breeding, immunology, and food technology. A few openings for Ph.D. research work in these fields exist. Students who have passed the National Education Test administered by the CSIR and are eligible for a CSIR-UGC Research Fellowship may send applications along with their brief bio-data and field of interest to the Chairman, Student's Programme Coordination Committee, Molecular Biology & Agriculture Division, Modular Laboratory, Bhabha Atomic Research Centre, Trombay, Mumbai 400 085.
