

Bhabha Atomic Research Centre

Ph.D. Programme in Chemical Sciences

The Chemistry Group of Bhabha Atomic Research Centre, Trombay, Mumbai has active research programmes in various areas of experimental and theoretical chemistry. The research topics cover gas-phase and solution-phase photochemistry, radiation chemistry, ultrafast phenomena, theoretical and computational chemistry, catalysis, materials chemistry, structural chemistry and synthetic inorganic, organometallic and bio-organic chemistry. A few openings for research students exist for programme leading to Ph.D. degree. Motivated students who have qualified for CSIR/UGC research fellowship may send their applications along with their brief biodata and field of interest to Director, Chemistry Group, Bhabha Atomic Research Centre, Mumbai 400 085, latest by 28 February 2001. Short listed candidates will be required to appear for interview at BARC in March 2001. No TA/DA will be admissible for this purpose. Applications may also be sent by e-mail: mukherji@magnum.barc.ernet.in.
