

AU-KBC CENTRE FOR INTERNET & TELECOM TECHNOLOGIES

**MIT CAMPUS OF ANNA UNIVERSITY
CHENNAI**

announces admission to the

M. S. BY RESEARCH

program with specializations in

ACCESS TECHNOLOGIES, BIOINFORMATICS, NATURAL LANGUAGE PROCESSING, NETWORK SECURITY, CRYPTOGRAPHY

The M. S. by Research program at the AU-KBC Centre prepares scholars for high profile careers in research and entrepreneurship at the global level through

- ◆ rigorous course work
- ◆ unique emphasis on interdisciplinary training
- ◆ specializations in emergent technologies
- ◆ key courses by visiting faculty from leading overseas universities and research labs.

The admission of the first batch will be in Summer 2001 through a written test and an interview held in early March. Graduates in Engineering and postgraduates in Sciences & Humanities with specializations in the relevant areas can apply
