

# INDIAN INSTITUTE OF ASTROPHYSICS

BANGALORE 560 034

## NOTIFICATION NO. IIA/01/ISRO RESPOND PROJECT/2002

Applications are invited for a position of **Post Doctoral Fellow** for the ISRO RESPOND sponsored project 'The Diffused UV Sky – ASTROSAT Modelling'. The project will involve the modelling of the ultraviolet sky and will require a synthesis of current models and data to produce a unified picture of the sky. Predictions will be compared with coming data from GALEX and ASTROSAT and with archival data from IRAS and COBE as well as other ground-based observatories.

### Qualifications and Experience

Applicants should have consistent good academic record and a Ph. D. in any of the broad areas of Physics, Astronomy.

### Tenure

18 months.

### Fellowship

Rs 11000 plus 15% of HRA per month.

Higher initial fellowship may be considered for deserving candidates.

Interested candidates may apply on plain paper to **The Administrative Officer, Indian Institute of Astrophysics, Koramangala, Bangalore 560 034** with complete CV, list of publications, names of Two Referees and a statement of research publications on or before **20 January 2003**.
