

CSIR

Invites you to help it Accomplish its Challenging Mission to Provide Scientific Industrial Research and Development that Maximises the Economic, Environmental and Societal Benefit for the People of India in its Coveted top Management Position as Director, National Botanical Research Institute (NBRI), Lucknow

Council of Scientific and Industrial Research (CSIR) is a result-oriented network of 38 laboratories and around 50 field/extension centres spread through the country manned by around 5100 scientists, many of them are nationally and internationally acclaimed, working in an impressive, state-of-the-art infrastructure. The S&T activities of CSIR cover a wide spectrum of science and technology ranging from aeronautics to oceanography. CSIR is known for spearheading the IPR movement in India. (See CSIR website www.csir.res.in)

NBRI, Lucknow is renowned for its Botanic Gardens and Herbarium. It has extensive research farms at Banthra and Mahoba in UP. The Institute is engaged in R&D on plant sciences spanning across traditional and economic botany, conservation and environmental biology, cytogenetics, floriculture, molecular biology, genetic engineering, plant breeding, taxonomy and bio-informatics. In recent years, it has excelled in developing novel herbal products. NBRI's annual budget is about of Rs 20 crores and it has a S&T staff strength of around 350 of which nearly 100 are qualified scientists.

Responsibilities

The Director as the Chief Executive of the Institute would be responsible inter-alia for developing and managing a perspective plan for the Institute; providing scientific leadership to the diverse R&D groups; management of day-to-day operations including human resource management; promoting inter-laboratory and inter-agency R&D programmes and missions; negotiating and acquiring R&D grants/contracts; and building linkages with stakeholders and users.

Qualifications: Ph.D. (Science) with 16 years of experience relevant to the activities of the Institute.

Candidate: Should be creative, innovative and a well established scientist/technologist having a demonstrated ability to create an environment conducive to nurturing of high class research and development. Age around 50 years.

Appointment: Will be on contract for a period of 6 years or up to superannuation at the age of 60 years whichever is earlier in the pay scale of Rs 18,400–500–22,400/Rs 22,400–525–24,500 (depending on individual's own merit) plus allowances as admissible. The facility to share the money realised from external contract R&D, consultancy and rendering of S&T services is also available as per applicable rules. Residential accommodation is provided on charges as per rules.
