

Lecture Workshop on Molecular Ecology

Sponsored by

**Department of Biotechnology, GOI and
Indian Academy of Sciences, Bangalore**

1–4 March 2007

This meeting is primarily directed towards researchers desirous of using molecular tools to answer questions related to Animal Behaviour, Ecology, Evolution, Conservation and Taxonomy. The meeting will consist of lectures by national and international experts and is expected to provide opportunities for stimulating discussions and interactions.

The speakers will include Prof. John Werren, University of Rochester; Prof. Raghavendra Gadagkar, Indian Institute of Science; Dr J Nagaraju, Centre for DNA Fingerprinting and Diagnostics; Dr Yogesh Shouche, National Center for Cell Sciences; Dr S. Shivaji, Centre for Cellular and Molecular Biology; Dr Praveen Karanth, Indian Institute of Science; Dr Uma Ramakrishnan, National Centre for Biological Sciences, Dr Karthikeyan Vasudevan, Wildlife Institute of India. In addition to the speakers, **it is proposed to invite 10–15 students and young researchers to the meeting**. The speakers and all participants are expected to be present throughout the duration of the meeting. Venue of conference is Orange County Resort, Coorg.

Interested students and young researchers may apply by e-mail, with their biodata, including date of birth and full contact address, nature of research work, reasons for interest in the meeting and names of two referees to:

Dr Maulishree Agrahari

Organizing Secretary

Lecture Workshop on Molecular Ecology

Assistant Professor
