

## Ashoka Trust for Research in Ecology and the Environment

Bangalore, Darjeeling and New Delhi

### Project Coordinator – Western Ghats

Ashoka Trust for Research in Ecology and the Environment (ATREE), a leading conservation research and action NGO, is seeking a suitable individual to manage a large internationally funded grant-making programme in the Western Ghats over the next five years. More details can be found at <http://www.cepf.net/xp/cepf/>

S/he should have a Masters or Doctorate degree in wildlife biology/ecology/environmental science, with adequate academic and work experience in conservation science and action in India. S/he should possess very strong communication, coordination, administrative and project management skills, and be willing to travel. S/he should preferably have good knowledge of conservation issues in India and in the Western Ghats in particular.

ATREE fosters diversity and gender equity at the work place. Thus, women and persons from underprivileged groups are especially encouraged to apply. Salaries at ATREE are competitive. Salary for this position will depend upon the qualifications and experience of the candidates.

Applications will be accepted till **15 March 2008**. Applicants should write to the address below, enclosing their CVs, names of three referees, and a letter outlining how they would coordinate and monitor a large grant-making programme in not more than 2 pages. Electronic submission of applications is preferred. Final selection will be based on interview of short-listed candidates.

The Director  
Ashoka Trust for Research in Ecology and the Environment  
659, 5th 'A' Main Road, Hebbal, Bangalore 560 024, India  
E-mail: [director@atree.org](mailto:director@atree.org)
