

UGC-DAE Consortium for Scientific Research

University Campus, Khandwa Road, Indore 452 001

(www.csr.ernet.in)

(Advertisement No. 2/2008)

The UGC-DAE Consortium for Scientific Research (UGC-DAE CSR) is an autonomous institution established by the UGC, New Delhi with headquarters at Indore and Centres at Indore, Mumbai and Kolkata. This Consortium also has a Node at Anupuram (near IGCAR, Kalpakkam). The UGC-DAE CSR coordinates research from scientists/teachers from all Indian Universities on major facilities like Dhruva reactor, Variable Energy Cyclotron, INDUS-I, etc. established by the Department of Atomic Energy. In addition, the Centres are also having many advanced research facilities including in the areas of condensed matter physics. Please check our website www.csr.ernet.in

Applications are invited for the following posts:

- SCIENTIST-D** : Three posts
: To work initially at the Indore Centre.
- (i) *Pay scale* : Rs 10,000-325-15,200
(ii) *Maximum age limit* : 40 years as on 1 July 2008
(iii) *Minimum qualification* : M.Sc. (Physics) with 5 years research experience **OR** Ph.D. in the areas of experimental condensed matter physics. Post-doc experience will be preferred.
(iv) Candidates possessing experience in the utilization of advanced experimental facilities, and with an aptitude for collaborative work, will be preferred.
(v) Persons, who are abroad, may submit the demand draft separately later. It may be noted that requests for in-absentia consideration cannot be honoured.

For details, information on 'How to apply' and the last date of receipt of applications, please see our website www.csr.ernet.in

ADMINISTRATIVE OFFICER-II

Coordinator World Biodiversity Heritage Programme – Assam

The World Biodiversity Heritage Programme for India is initiating an initial four-year conservation investment in Assam, concentrating on the Manas and Kaziranga World Heritage Sites. The project will initiate activities in capacity building of park staff for effective management, involve local communities and civil society and elicit their participation and inputs in management, conduct research and monitoring for scientific management of the reserves and raise the profile of these parks in civil society. The project hopes to experiment and develop new models of conservation governance for India's protected areas.

The Ashoka Trust for Research in Ecology and the Environment (ATREE) is the implementation and coordinating institution. We are looking for a suitable candidate to coordinate and manage the project in Assam. The candidate should preferably have a background in wildlife biology/environmental science/environmental management/conservation/natural resources management with prior experience in Assam or the North-East. The candidate should preferably be from Assam, have demonstrated excellent communication and administrative skills, comfortable with frequent travel and field visits, and be familiar with the conservation issues in the region. The position will be based in Guwahati, Assam.

Electronic submission of applications is preferred. Final selection will be based on interview of short-listed candidates. Please apply with all details by **25 March 2008** with three letters of reference to:

The Director, Ashoka Trust for Research in Ecology and the Environment
659, 5th 'A' Main Road, Hebbal, Bangalore 560 024, India
