

**Government of India
Bhabha Atomic Research Centre
Chemistry Group**

Ref: RPCD/CG/08/

15 April 2008

Application on a plain paper (typed in the format given below), along with complete bio-data, xerox copies of mark sheets, degree certificates, one reference letter and other academic credentials are invited for the posts of '**Junior Research Fellowship**' to work in a BRNS sponsored research Project entitled '**Synthesis, redox reactions, antioxidant enzyme activity and in vitro radioprotection of aliphatic water soluble organoselenium compounds**' for four years.

- Qualification* : M.Sc. Chemistry, with specialization in Organic/Inorganic/Physical/General/Biochemistry
- Salary* : Rs 10,000 p.m. for 1st and 2nd year + HRA as admissible
- Project duration* : Four years
- No. of posts* : 03
- Location of the project* : Chemistry group, BARC, Mumbai 400 085

Application along with the relevant documents should reach one of the following addresses on or before **30 May 2008**.
