

INSTITUTE OF LIFE SCIENCES

(Hyderabad)

Research Scholars Program

The **Institute of Life Sciences (ILS)** is a premier research Institute operating an autonomous body within the campus of University of Hyderabad. It is formed through the partnership of private industry (Dr Reddy's, Hyderabad), State Government of Andhra Pradesh and the University of Hyderabad. ILS has established a state-of-the-art research center to pursue research in frontier areas of **Chemical** and **Biological Sciences** to understand the molecular mechanisms behind chosen diseases and translate this understanding into approaches for discovering novel therapies. ILS has also initiated a major research collaboration with National and International Institutes. More details about ILS are available at www.ilsresearch.org

We invite applications from highly motivated candidates, who are willing to take up challenges in modern biology and chemistry, for admissions to our Ph.D. Program. The Ph.D. program will be based upon the research carried at the interface of chemistry and life sciences. The focus of these Ph.D. programs will be highly interdisciplinary in nature of modern Biology and Chemical Sciences.

Eligibility

Masters degree in biology, chemical sciences, life sciences and candidates must have cleared the CSIR/UGC/DBT/ICMR/ICAR NET for JRF. Those who have appeared, but are awaiting results, are also eligible to apply. However, only those candidates will be considered who produce proof of having cleared the CSIR/UGC/DBT/ICMR/ICAR NET for JRF. Admission to ILS Research Scholars Program is based on a 2-tier system involving a written test followed by interview of candidates who have qualified the written test.

For prompt consideration, interested candidates may send applications with a cover letter and curriculum vitae, including the names/phone numbers of two people who could provide letters of reference, to **Ms Deepa K. M.**, e-mail at rt@ilsresearch.org
