

## DIRECTOR, TATA MEMORIAL CENTRE

Tata Memorial Centre established in 1941 comprises the Tata Memorial Hospital (TMH) and the Advanced Centre for Treatment, Research & Education in Cancer (ACTREC), and is engaged in research, education and comprehensive care of cancer patients. TMC has a strong outreach programme in the area of cancer awareness, early detection and linkages with a large number of cancer hospitals including those in remote and rural areas.

Every year nearly 38,000 new patients register at the TMH from all over India and neighbouring countries. Over 1000 patients attend the OPD daily for medical advice, comprehensive care or for follow up treatment in a proactive service mission. The Centre has state-of-the-art equipment such as PET-CT, Linear Accelerators, MRI, CT Scanner, etc. and a total computerization programme was introduced in 1997. The Hospital Information System, RIS, DIS and PACs now offer all Laboratory and Radiology reports with images, on-line on the desks of Medical Consultants and linked to Electronic Medical Record system to provide uniform access to all users.

ACTREC comprises two arms, the Cancer Research Institute (CRI) for basic research and Clinical Research Institute (CRC) for clinical and translational research.

The TMC is a recognized training centre for cancer education and research by national agencies as a postgraduate teaching centre affiliated to the University of Mumbai, Maharashtra University of Health Sciences, MCI, NBE and Homi Bhabha National Institute.

### **Prescribed qualifications:**

Indian Nationals with high academic credentials, outstanding leadership qualities, and proven managerial experience in administrative responsibilities. The candidate should possess a MCI recognized postgraduate medical degree.
